NATURE'S FRESHNESS, PERFECTLY PRESERVED.

A comprehensive range of ready-to-cook **frozen vegetables and snacks**.

“

At Himgiri Group, a legacy built since 1978 continues to shape the future of India’s food processing industry. Founded under the visionary leadership of Late Mr. Yogendra Kumar Jindal and strengthened by the dynamic stewardship of Mr. Apurv Jindal, Mr. Prateek Jindal, and Mr. Naveen Kansal, the Group has grown into a trusted, diversified enterprise known for quality, scale, and reliability.

Backed by large-scale production and processing infrastructure, advanced IQF technology, globally compliant quality systems, and a highly experienced team, Himgiri delivers premium frozen vegetables and vegetarian snacks that meet international standards. Our integrated value chain — from direct farm procurement to efficient logistics — ensures consistent quality, competitive pricing, and dependable supply for domestic and global partners.

HIGH-CAPACITY INFRASTRUCTURE FOR RELIABLE SUPPLY.

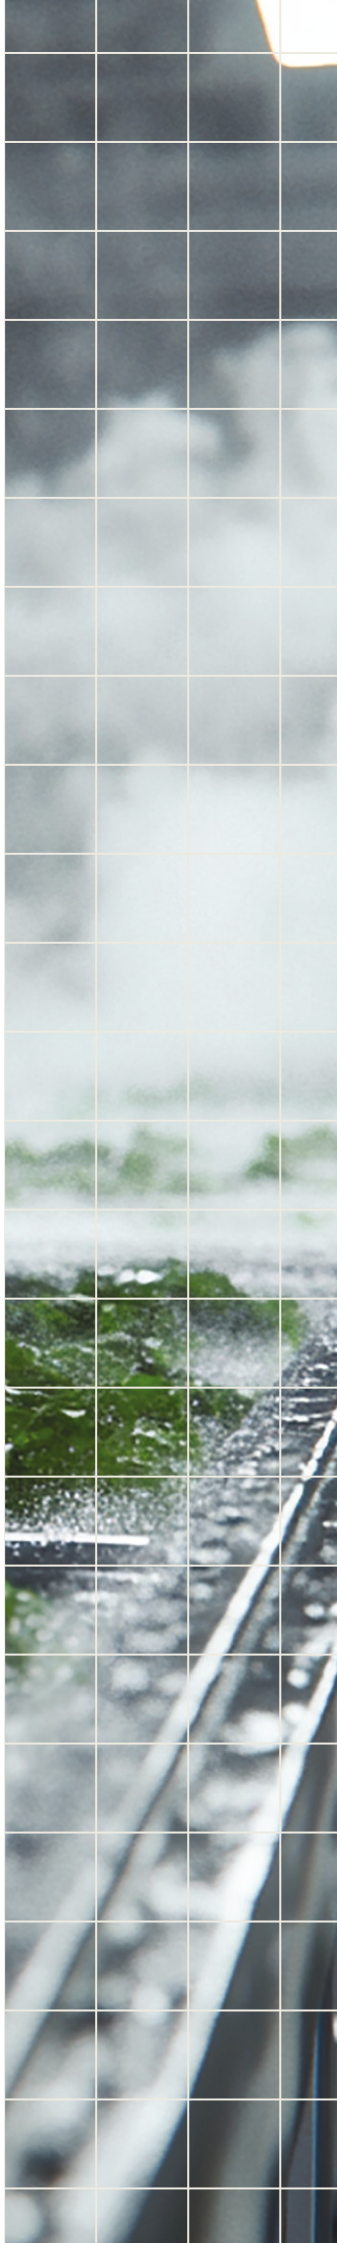

IQF Green Peas:

We can process any vegetable as per client's specifications.

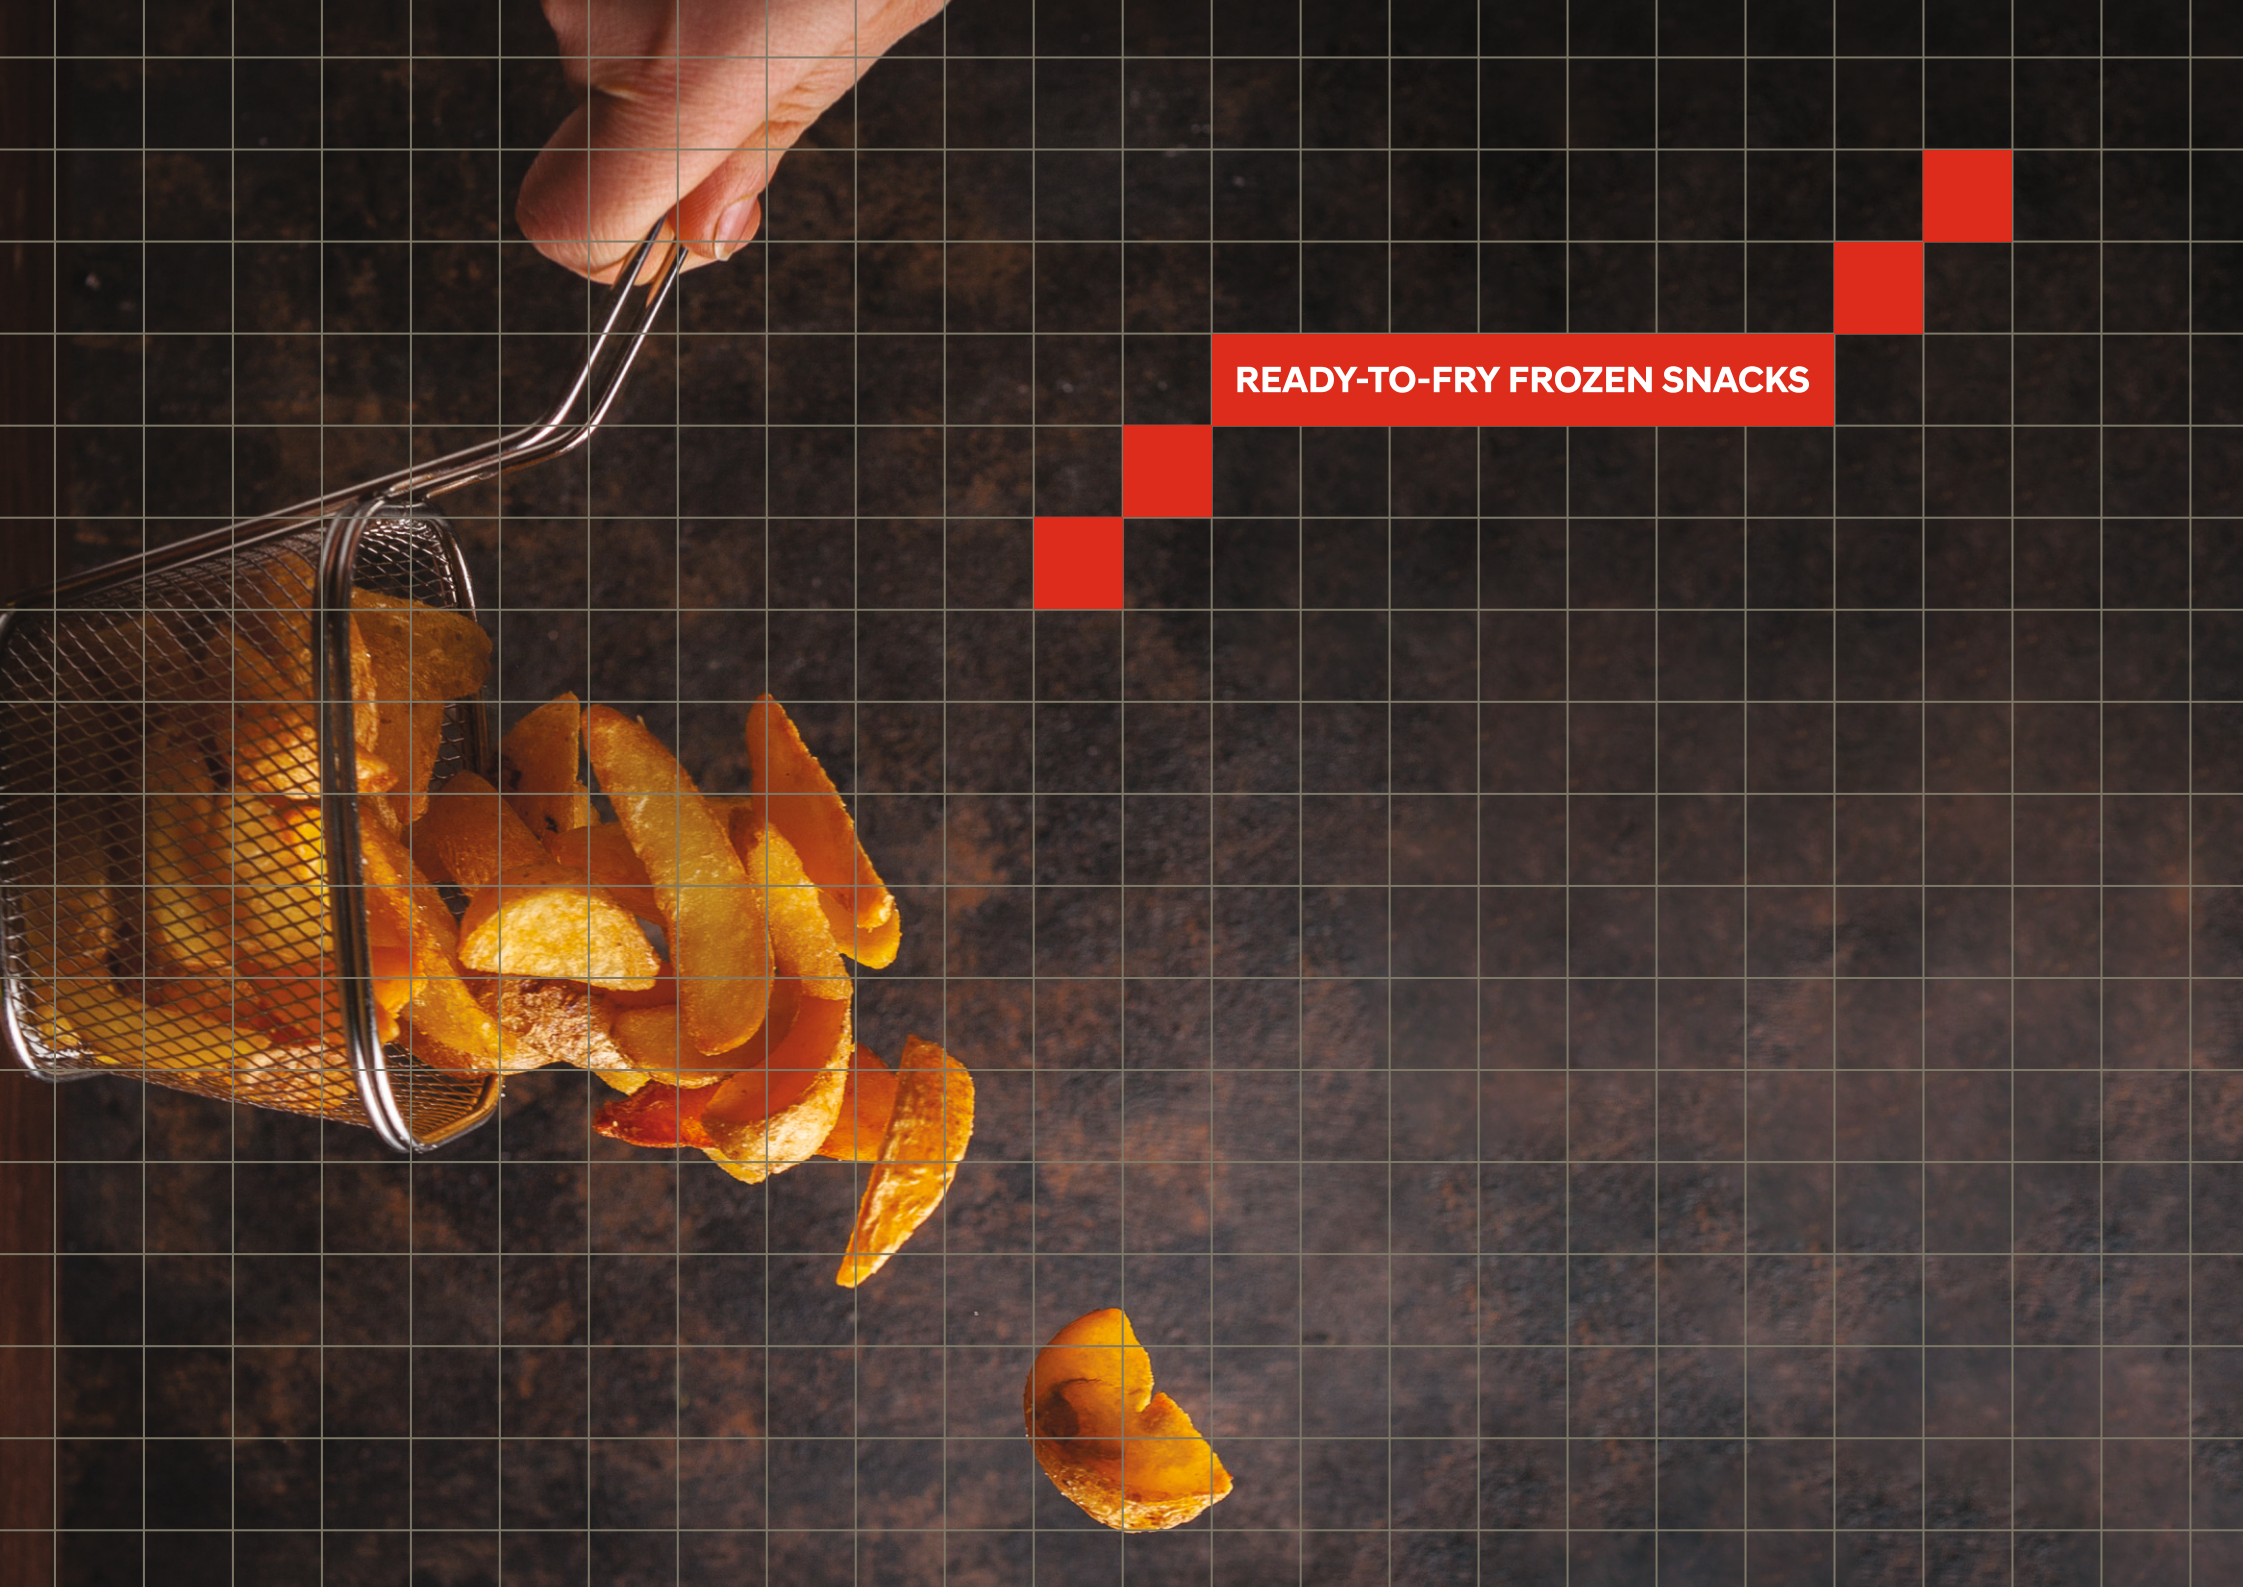

Retained Freshness & Nutritional Integrity
Our advanced IQF process locks in the natural taste, color, and nutrients of vegetables and snacks, delivering farm-fresh quality with every batch.

Extended Shelf Life, Minimal Waste
Individually quick frozen items ensure longer storage without compromising quality, helping businesses reduce inventory waste and maximize supply efficiency.

Consistent Quality & Texture
Every product maintains uniform size, appearance, and crunch — ensuring dependable presentation and customer satisfaction across all outlets.

Operational Flexibility & Convenience
With easy portioning and on-demand preparation, businesses gain faster service times, simplified handling, and seamless integration into varied food service requirements.
